3. Attendance at State Retirement Seminar: The State Department began its annual Retirement Information Seminar on Tuesday, 4 April. It will be conducted in seven hour and a half sessions, on seven consecutive Tuesdays. Two representatives of Retirement Affairs Division covered the opening session on 4 April; other members of RAD will cover succeeding sessions.

4. Deductions from CIARDS Annuities for Credit Union and CIARDS: We have sent letters to 300 annuitants informing them that they could have deductions from annuities for deposit in the Credit Union. To those annuitants under age 60 and paying for UBLIC, an attachment advised them that they could have their premium deducted from their annuities. Appropriate cards by which these annuitants could authorize deductions accompanied the letters. The only annuitants to whom letters were not sent were those on whom there is a "block" by Cover Staff. These people are to be informed via their case officers or other contacts.

5. Attempt to Identify Civil Service Annuitants who might have Contract Time that may be Creditable: We are attempting to identify Civil Service annuitants who might have had period(s) of contract time previously excluded as creditable service but which might now be creditable. We have received from the Civil Service Commission a
